BL

Good Afternoon, Rob,

Thank you for submitting you letter of intent for the 2021 round of the NH Certified Local Government Grant Program. As in past years, we received many exciting and worthy submissions, but unfortunately, the amount of requested funding this year greatly outpaced the amount of funding we have to grant. Regrettably, this means that your project will be unable to proceed in the CLG grant application process this year, as we are unable to fund any of the Priority II or Priority III projects for the 2021 grant round.

While we cannot invite you to continue on in the CLG grant application process, I did want to let you know that your project may still be eligible to apply for funding from other grant sources, including the LCHIP<https://www.lchip.org/> and Moose Plate<https://www.nh.gov/nhdhr/grants/moose/> grant programs. You can follow those links to see more about eligibility and contact information.

Please do not hesitate to contact me if you have any questions about the grant program or other applicable CLG topics. While we cannot fund your application this year, I do ask that you continue to keep in touch so that we can help your community continue to pursue its historic preservation efforts. I look forward to getting to know everyone as I continue to transition into my role as CLG coordinator for NH DHR.

Best,

Brandee
