Dear Judy and Rob,

Your Moose Plate grant was approved at today's G&C meeting! My next step is to request the first 50% payment as soon as I receive the purchase order. My guess is that the payment will be processed sometime after next week's holiday. You can proceed with notifying your contractor and work can start at your earliest convenience.

Do either of you recall if you still have a Moose Plate sign from the last time the town received a grant for the roof project? If not, it's not a problem, I can drop one in the mail to you. But I didn't want to send one if you already have one. The design has not changed.

Please let me know if you have any questions!

Best,
Amy
