Installation
Installation includes only labor involved in completing phase, but is not limited to any unforeseen hazards or delays beyond our control. Any and all engineering on tie-in requirements of Hydro-Mobile is the responsibility of the contractor. It is also the responsibility of the contractor to provide any forklift or crane capable (min. 8K) for completion of the installation.

Dismantle
It is also the responsibility of the contractor to provide any forklift or crane capable for completion of the dismantling. Equipment shall also be free of loose debris and prepared for safe dismantling.

Delivery and Pick up
Delivery and Pick up Charges includes 1 Hour on Jobsite; additional time will be billed at $75.00/hr. It is the responsibility of the contractor to provide forklift and operator to unload truck upon delivery and load truck upon pick up. All equipment must be returned as it was received. Damaged items, missing materials and cleaning charges may apply. Additional charges may apply for labor such as: welding, removal of damaged parts, installation of missing or repaired parts, cleaning, etc.

Technical support
Technical support and user training will be provided for initial set up. Additional onsite technical support will be available and invoiced at $75.00/hr. It is the responsibility of the contractor to maintain and operate the equipment in accordance with the manufacturer's operator manual.

Terms
Terms are net 30 days from completion of initial set up of equipment, unless otherwise agreed upon and stated within this agreement. The minimum rental period is 28 days. All rental charges after 28 days will be prorated on a daily basis.
