YEAR BOOK (from Scrapbooks in computer)

"It was decided to postpone getting out a list of members for the present."
(Minutes of a meeting on May 12, 1903. Book1 p113 item 144)

4. Decided that a list of members be printed as soon as convenient.
(Minutes of a meeting on November 18, 1904 [sic. Actually 1903]. Book1 p115 item146)

"The advisability of compiling a list of places where the various members of the Club have travelled was discussed. It was thought that such information printed in the Club Year Book woud be of much value to other members who contemplate the same regions and wanted advice. Vote on this was also deferred."
(Minutes of the Fellows Meeting, 15 November 1907. 2 pp. BookX p6 item9)

"It was also voted that there be added to the Club year book a list of countries through which members have travelled--or reference & to assist future travellers."
(Minutes of the Fellows Meeting, 15 January 1909. BookX p15 item23)

"Voted to send blanks to each member to fill out telling the different countries travelled etc to be printed in the annual Year Book."
(Minutes of Council meeting, 18 February 1911. BookY p29 item33)

"Mr. Henry S. Hall, Jr. then generously offered the gift of $500.00 to help publish a new Year Book in early 1972."
(Continuation of Minutes of Council meeting, 9 November 1971. Min3 p57 item53)

"It was decided that, due to illness of the Club typist, Miss Margaret P. Keany, it would be best to ask Thos. Todd Co. to address, stamp and stuff the mailing envelopes for the 1972 Year Book."
(Minutes of Council meeting, 16 May 1972. Min3 p80 item73)

Some discussion on the format of the next Year Book.
(Minutes of Council meeting, 7 November 1978. Min4 p5 item5)
(Minutes of Council meeting, 23 January 1979. Min4 p11 item11)

"President Ferris advised the Council to suspend work on the new Year Book pending a review of its format. The Council voted to invest the President with powers to create a special review committee. Mr. Robert B. Stephenson agreed to chair this committee. The Secretary-Treasurer expressed his approval of this move but announced his intention not to participate further in matters pertaining to the Year Book."
(Min4 p42 item43)

"The principal business was consideration of the report of the Year Book Committee appointed by President Ferris. After much discussion on the format of the new Year Book, it was decided to postpone a decision until next month in order to enable President Ferris to contact potential benefactors -- this because the Year Book will cost approximately $6,000 and the Year Book Fund has only $1,138.70. Finance now looms as a major concern."
(Minutes of Council meeting, 22 April 1980. Min4 p47 item48)

"The Council approved proceeding with a new Year Book, which is expected to cost between $5,000 and $6,000. President Ferris received pledges amounting to $1,800. The Year Book Fund has $1,188 in addition, and the Club's resources would enable another $1,000 or so to be spent on the Year Book. The Council authorized the President and Secretary-Treasurer to levy a tax on the membership next fall if necessary. The Council also approved the format recommended by the special Year Book Committee, including a new Club history to be written by Dr. Harrison E. Kennard. Finally, the Council established a new Year Book committee to be chaired by Sidney Butler Smith to make all appropriate decisions (timing, selection of a printer, etc.)."
(Minutes of Council meeting, 27 May 1980. Min4 p51 item52)

Includes for the first time occuapation and principal travel interests.
(1980 Year Book Questionnaire. Min4 p55 item56)

"John Field announced that Henry Hall had offered to match contributions to complete funding of the Year Book."
(Minutes of Council meeting, 16 December 1980. Min4 p65 item66)

"The final estimate [for the year book] from Thomas Todd is $4525 as compared to $5886 a year ago (savings accomplished by cutting out deaths and programs occurring before the appearance of the last Year Book)."
(Minutes of Council meeting, 28 April 1981. Min4 p81 item82)

"An estimate from Thomas Todd was presented for printing the Year Book. If they were to do all the work it would cost $8,359. They are no longer doing letterpress printing so the entire book would have to be re-set."
(Minutes of the Summer Council meeting, 17 July 1984. Min4 p205 item176)

Discussion on 600th meeting, Year Book.
(Minutes of Council meeting, 2 October 1984. Min4 p208 item180)

To the members:

In electing new members it has been the policy of the Council to give preference to those nominees who would most probably contribute to the Club's interest and activity.

The Club pursues practically a policy of admission by invitation. For this reason it is suggested, though not required, that sponsors bring the names of nominees to the Secretary or some member of the Council before the nominee himself is asked if he desires to join the Club. In this way possible unpleasantness will be avoided.

My dear Sir:

With reference to proofs submitted in regard to W. Cameron Forbes, will it be possible for you to let us have a copy of the Year Book for 1910 or thereabouts? Mr. W. Cameron Forbes is under the impression that what now appears in the Year Book was dictated by him a few years ago as an addition to what you already had and not as a memorandum to take the place of what already appeared in your Year Book. For comparison, therefore, may we now have one of the old Year Books that a list of his travels may now properly be compiled?

Thanking you in advance for an early reply,

I beg to remain

Mr. S. Prescott Fay:

My dear Sir:

I am not at all sure
That I have my record correctly
entered in our Year Book. Some-
body once gave me the idea That
only out-of-the-way places should
be mentioned: Hence the brevity
of my present list. But it does
not in the least show the amount
of travelling That I have done in

Europe. May I give you the whole story. from which you might insert such parts as are proper.

1894 Holland. Belgium

1895 (one whole year in) England. France Spain. Morocco.

1900 France. Spain. Austria. Germany.

1904 Islands of Caribbean Sea.

1905 Spain. France.

1907 Canada

1908-9 (15 months) France. Spain Switzerland. Italy

1910 Spain. France.

1912 England. France.

From this you will see that I have a family interest with France and Spain which is not enjoyed with Germany or Austria.

Dear Mr. Cabot:

In reply to your letter of the 28th please find check for $30.00 payable to Roy Chapman Andrews.

I am sending one of the blanks that I used for the last year book. I have made up a new one so that it can be used in a window envelope. After "his list as follows" I have in the past pasted the of travels of each member as it appears in the last year book. "Travels" and "Note" should be dropped as indicated. It will take a couple of days to get the blanks out after they have printed. I have always allowed at least three weeks after sending out the notices before sending the copy to the printer. That length of time bearly allows time for some of the non-residents to return their blanks. On account of the Christman mail would it not be wise to waite until a week after the first of January before closing the copy. I have always enclosed a stamped envelope because I found it returned the blanks more promptly. This would make make the postage bill over $18.00 not counting what it cost to send the year book out. The last year book just got under the 2 oz limit. At that rate the sending out of the year book would cost another $18.00.

Here is a copy of a prospectus for the history to be sent out with the bills to new members. I have been using the regular bill head adding the initiation fee.

It seems to me that a sticker might be attached to the bill in relation to payments.

I expect to be in Boston Wednesday and will call and see you at that time. Thank you for sending the mail from the office.

I have returned the galley proof to Todd asking him to send you a page proof at the same time he sends me one. I hope to get the year books out next week.

I have done all that I could to get something from Mr Arnold. I saw him the day after I was at your office and asked him to set down something. I wrote him again last week but as yet I have nothing.

list

In your father's Todd questions Columbia. Should it be o or u?

O

In Edward W.Forbes they question Algiers? Is it meant for a city?

ok.

In Col. Greenleaf's should it be Puerto Rico or Porto Rico?

In John K. Howard which should it be Servia or Serbia?

In Alden F? Magrew's Copy the last part of his copy is not clear? Can you help me out.

I do not know the date that Julius Wakefield, William M. Davis and James H. Ropes died. I have written the Town Clerk in Dedham and the City Clerk in Cambridge.

Will it be satisfactory to you to print the meetings 1932-1933 and the meetings 1933-1934 after the Offices 1933-1934 at the end of the book before the list of deaths?

Dear Mr. Cabot:

Thanks for the Harvard Travellers Club yearbook, which is an excellent piece of work, in my opinion. As a matter of curiosity, is a member expected to record little journeys off the beaten path in Europe? For example, in 1928, I think, I took a trip along the Dalmatian coast, Ragusa, Spalato, and some other small places I have forgotten; and when in Constantinople I went over into Asia Minor for a day or two and in a boat up the Black Sea.

Not that it amounts to anything, for since the book is out, it is an irrelevant question, so to speak, but like the lady of Aroostook, I'd like to know. Would you be kind enough to add a note accordingly when you send me notice of the next meeting?

We have been trying to find out if the Harvard Travellers Club published a Year Book for the years 1917, 1918, and 1923. We have written to Dr. Allen and it is his recollection that no year books were printed during those years, but suggests that we check with you. Can you tell us if they were published in the years mentioned?

Dear Mr. White:

Your letter of November 14th received.

I have also received check from the Royal Bank of Canada in New York for $2.50 for your non-resident annual dues to October 1, 1937.

Our supply of 1935 Year Books is exhausted and we did not publish a year book for 1936, only an Addenda, copy of which was included with the first notice of the season, and a further copy sent you with the notice of the December meeting, which is going out today.

I note the addition to your travels and will file this information for inclusion in our next Year Book.

Sincerely yours,

Dear Mr. Fiske:

You understand that any figure given for printing the Year Book can only be an approximate one, as the cost will largely depend upon the amount of changes and new copy there will be.

Last time there were 450 copies, which cost $222.05; adding 20%, which is the increase in price since then, would make the cost now $266. Printing 300 copies instead of 450 would make a small difference, perhaps $16.00 less, or $250.

We shall be pleased to do this work for you, and await your decision.

Very sincerely yours,

Gentlemen:

Thank you for your letter of August 14th regarding the printing of the Travelers' Club Year Book.

I think it would be better to print 450 copies if the difference is only $20.00 or under. Will you kindly make preparations to do this when the time comes, and we will be glad to have you do the work as usual.

Yours very truly,

Treasurer.

Dear Hap:-

Our speaker last night was one of the best ever in my recollection. His answers to a dozen or more questions were just as good as the main talk. You have done a truly job in getting good speakers and working up the meetings notices, and in general running the club. I have been thinking about the Council meeting. 15 dues would be another nail in the Club's slow death. We had as you know over 300 members during the thirties. At roundup in 1953 there were 290.

We all are still unpaid for '70-71 (lucky if half of them will pay before May 1). and with those we will lose, if 15 - drop, your annual report for next year ('71-'72) will show about 200 members. even if we elect a dozen new members before then. I hope I am wrong, but that is my opinion.

We do need a new booklet by next year. I would be inclined to try for division. with an explanation to all members that the Harvard Club

Nov 29

(44)

Rotary

charges so much (whatever that is) and that the Club cannot continue to take the losses each month.

I don't know what the average age of present members is - at a hazard I would say around 55 to 60, possibly low 'sixties. This means that anywhere from 5 to 10 or so will leave this earth each year. We desperately need 25 to 50 new members, averaging under 40. Ideal ages would be 25 to 35. If we could find a large enough number under 40 so that as a few of these came to each meeting, and we tried to young-ify ourselves the Club could be revived, whether this would be possible with so many of the young against entering the traditional occupations today. I have no very clear opinion.

You and I have been members since the late 'twenties - I have always enjoyed the meetings and belonging to the Club. That we are running deficits with resulting take of £12,000 capital funds I don't like at all. If the annual interest from the £12K can be used toward the booklet I will match it, i.e. if £500 interest I will give £500 toward the '72 booklet. The remaining £600 the Club could afford from current funds. All this if we continue the £10 and 5 dues. Best thing.

Dear Anne,

Corrections for the Year Book:

1. Alex Kummel's address has been changed to:

   2400 Westheimer, Apt. 124-C
   Houston, Texas 77098

2. Check David Maybury-Lewis: His street address may be wrong; it should be 30 Bowdoin Street.

3. The 574th meeting (last listed) should read thus:

   Dr. William H. Dietz (I think I spelled it Deetz)
   Title: Nutrition of the Pygmies in the Ituri Forest.

I think that does it for now.

Cheers,

Rob

Dear Rory,

Thank you for sending on the information about ties, paperweights, and the like. We discussed it at the Council meeting on the 5th. I've also sent off for some other information on ties. (A man in my town in NH is going to give me a quote on polo shirts, too.)

On the question of a supplement to the Year Book. Within the Council we've touched on the issue at various times. After talking to you I'd like to present to the other members a specific proposal. To me what would be most useful is an annual publication that would list all members (possibly with their addresses but probably not) in addition to all new members. For the new members an entry such as in the Year Book itself would be included. If the same size page was used as for the meeting notices I would think that all of this would ~~could be~~ fit on a single sheet folded once. The members' listing could be kept on tape and updated from year-to-year. The Club logo could be set at the top of page 1 with a headline such as 'Roster of the Harvard Travellers Club 1982-1983'. (I'm thinking this out as I type.) Symbols or letters could be used in the listing to indicate resident and non-resident members, fellows, honorary members, councillors, etc. Trying to pick an issue date is tricky: it of course depends upon your schedule (slack season) and when it's easiest for me to get the work done. The first issue would be the longest in length because we'd go back to pick up members since the last Year Book, i.e. more new members. I would think February would be a good time: resigning members have already resigned; those who didn't pay dues during the season before have been struck from the rolls; there are no other enclosures that month and therefore we might get away with the usual 20¢ postage; I've gotten the season organized and haven't yet had to contend with elections and the annual report. The key question having said this is that a busy time for you? Give this some thought and perhaps a phone conversation before the next meeting could help focus things somewhat. If so I can discuss it with the Council and get cracking on the preparation.

1 July 1983

Dear Member,

Thanks to the generosity of one of our members the Club will be putting out a Year Book addendum this fall. It will list all those members who have joined since the issuance of the last Year Book. The entries will be in the same format as the Year Book itself.

I've typed up what information I have on each of you and your copy in enclosed. In some cases the information is probably complete; in other cases, it's not. Please go over it and add whatever you wish. Especially important are changes of address. Also, I've not proofread these as yet so if you notice any typos please note them.

I would like very much to have these all at the printer by the first of August. I realize that many people will be away during some or all of July but if you do get this in time please have a look at it.

Either send the corrected copy back to me at Box 413, Astor Station, Boston, MA 02123 or give me a ring during weekdays at 262-0060.

Thanks for your help.

Dear Rory,

Enclosed is the copy for the Club Year Book addendum as well as a copy of the last Year Book to serve as a guide for column width, format, type size, face, etc. It should be as close to this as possible, or I should say within reason. Once the typesetting is done perhaps a xerox could be sent to me: I will play around with it a bit to see if it can be gotten on one sheet folded once. If not, and there is extra room, we might list all the current members by name only as a filler. Also, perhaps a title page similar to the half-title of the Year Book.

Thanks for your kind help on this; if you have any questions please give me a ring (262-0060).

Ms Cheri Roy
The CSA Press

Dear Ms Roy:

Enclosed are the proofs of the Year Book Addendum. The only ones I found were the ones you noted, foreign language accents.

I've had a try at a layout and using the Year Book as a guide the copy runs nearly 4pp. I would prefer to have the small amount of white space at the start rather than at the end so there would be room to put a heading such as "New Members"; however, I had some problems in making breaks, i.e. I don't think it looks good to break an entry right after the members name or just before the last line. If you can see a way to do it so that there is a heading at the start, fine.

Since it comes out as 4pp buth without a title, we will have to have more pages therefore, I've enclosed a list of members which can follow the new members. I figure in a single column this should end up a speck over 3pp. Perhaps it can be tightened up or possibly put into two columns. (I assumed same type size as the names in the new member section.)

I'veaalso enclosed a mock-up of a title page. This should approximate the cover of the 1981 Year Book which I enclosed earlier. For the seal I've enclosed a couple of sheets of our stationery.

Rory asked me about the paper used in the 1981 Year Book, which was done letterpress. I learned from the printer that it was either 50 or 60 pound Recopake White.

I hope this answers most of your questions. Please call me if I can assist you on this.

Sincerely,

Dear Marie,

Enclosed is the Club's check for $750 for the fine job you did on our Year Book. Many thanks!

I am now nearing the end of proofreading and it should go to the printer soon.

You mentioned that you had used *Pie Writer* for the wordprocessing. According to my information on MacIntosh programs that one is not available. I will check, however; perhaps it's due out in the future. But if not I wouldn't think it would do much good having the discs converted for Mac use. I would guess that keeping them for Apple IIe would be the best thing although that would mean that I would have to get the program and have access to a machine. Perhaps there is some other solution I haven't considered. In any event once any corrections have been made--probably sometime this week--I will give you and/or Nancy Rogers a call to discuss this.

Thanks again for your help.

2002 **Year Book Update**

Dear Member,

If you find this notice accompanying your Club mailing, it means that as of April 8th I've not received back your questionnaire for the Harvard Travellers Club 2002 Year Book. This will be an important edition as it will celebrate the Club's Centenary year, and it will be all the more complete and up-to-date if all members respond with current information. To date only half the membership has responded.

Please ignore this notice if your questionnaire is in the mail. If you have misplaced it, please contact me and I will send another. If more convenient for you, I can e-mail you the questionnaire.

Please remember that the questionnaire is two-sided so be sure to turn it over.

Thank you for your speedy cooperation.

IMPORTANT INFORMATION

About The New Club Year Book

Last month we sent you a form and return envelope to be used in updating your personal information and travel biography for the new Club Year Book. This will be the first new Year Book since 2002.

The form had specific information about yourself as it appeared in the previous Year Book or on your Nomination Form. It is that record that you were asked to edit and/or rewrite to bring it up to date.

I would like to stress that it is important that you return your revisions in the envelope provided by **December 1, 2006.**

Also, please note that in order to be included in the new Club Year Book (whether or not you make revisions) you must be current in your dues obligation. If you have not yet paid your dues, please do so immediately. Send your check to the Secretary-Treasurer, whose address is given below.

Dear Member, May 2007

Enclosed is your 2007 HARVARD TRAVELLERS CLUB YEAR BOOK. The first edition of the Year Book appeared in 1904, two years after the founding of the Club. Despite the name, the Year Book has never appeared annually. But when it has appeared, it's always been in what is known as a 'saddle-stitcthed' format, i.e. folded and stapled in the fold. The 2007 edition breaks new ground in this respect. More than twenty pages longer than the last edition, the old format was deemed 'unworkable' by our printer (too fat to fold), and so it appears now—for the first time in over a hundred years—in what is termed a 'perfect bound' format. The Year Book is now what we all know as a 'paperback.' Why is it longer? More 'front matter' has been added—a longer history, a new section on the Permanent Fund—and, of course, members keep expanding their travel entries: a good thing given the Club's purpose.

As Editor, I would also like to make several other comments:—

- Some members did not return the questionnaires. Consequently, their travels and much of the rest of their entries remain the same as what appeared in the last Year Book in 2002. Nonetheless, every effort was made to update addresses, phone numbers, e-mail addresses and so on, but errors or omissions may have occurred. Some members also desired different addresses to appear than the addresses to which their Club Notices are sent.

- Two minor matters: We have a healthy handful of members on the North Shore who reside in the town known by some as Manchester and by others as Manchester-by-the-Sea. The Post Office accepts both; some members prefer one, others the other. Your Editor, for consistency only, has chosen Manchester-by-the-Sea as the official Year Book style. Any complaints should be directed to the President.

  Traditionally, all doctors—be they physicians or Ph.Ds—have been referred to as 'Dr.' as a prefix in all previous Year Book entries. Your Editor and those before didn't always know whether a member was one or the other, so the simplest thing to do was to refer to all such members as 'Dr. So-and-so' and not 'So-and-so, M.D.' or 'So-and-so, Ph.D.' Physicians are often touchy on this point, but once again, all complaints should be directed to the President.

Sincerely,

Robert B. Stephenson, *Editor*
