Hello,

While at the Meetinghouse today, Thursday (with Todd Croteau, David Chamberlain, Rob Deschenes, Sean Driscoll, Brad Davis, Jim of Davis Construction, and George Born of LCHIP) the decision was made by Jon Frederick, Town Manager, via phone to Todd Croteau, to proceed with cedar clock hands at \$4,500 rather than the aluminum hands, and therefore Phil D'Avanza should proceed accordingly.

Regards,

Rob

Here is an e-mail from Phil received today:

Hi Mike and Rob,

The cost of new cedar hands is \$4500. vs. \$6,152. for aluminum.

I agree with Robs summary of the hand comparison.

The profile of the new hands will match the existing hands.

Let me know if you need additional information.

Thank you,

Phil
